FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 or 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended November 29, 2008

TRANSITION REPORT PURSUANT TO SECTION 13 or 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission File Number: 0-6365

APOGEE ENTERPRISES, INC.

(Exact name of registrant as specified in its charter)

Minnesota
(State or other jurisdiction of
incorporation or organization)

41-0919654
(I.R.S. Employer
Identification No.)

7900 Xerxes Ave S. – Suite 1800, Minneapolis, MN
(Address of principal executive offices)

55431
(Zip Code)

Registrant's telephone number, including area code: (952) 835-1874

Not Applicable

(Former name, former address and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer Accelerated filer
Non-accelerated filer (Do not check if a smaller reporting company) Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

As of January 2, 2009, 27,836,239 shares of the registrant's common stock, par value \$0.33 ¹/₃ per share, were outstanding.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(unaudited)

1. Basis of Presentation

The consolidated financial statements of Apogee Enterprises, Inc. (we, us, our or the Company) included herein have been prepared in accordance with accounting principles generally accepted in the United States. The consolidated financial statements and notes are presented as permitted by the regulations of the Securities and Exchange Commission (Form 10-Q) and do not contain certain information included in the Company's annual financial statements and notes. The information included in this Form 10-Q should be read in conjunction with the Management's Discussion and Analysis of Financial Condition and Results of Operations and financial statements and notes thereto included in the Company's Form 10-K for the year ended March 1, 2008. The results of operations for the three and nine-month periods ended November 29, 2008 are not necessarily indicative of the results to be expected for the full year.

In the opinion of the Company, the accompanying unaudited consolidated financial statements contain all adjustments (consisting of only normal recurring adjustments) necessary to present fairly the financial position as of November 29, 2008 and March 1, 2008, and the results of operations for the three and nine-month periods ended November 29, 2008 and December 1, 2007 and results of cash flows for the nine-month periods ended November 29, 2008 and December 1, 2007.

The Company's fiscal year ends on the Saturday closest to February 28. Each interim quarter ends on the Saturday closest to the end of the months of May, August and November.

2. New Accounting Standards

In September 2006, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 157, *Fair Value Measurements* (SFAS No. 157). This statement clarifies the definition of fair value, establishes a framework for measuring fair value, and expands the disclosures on fair value measurements. SFAS No. 157 does not require any new fair value measurements, but rather eliminates inconsistencies in guidance found in various prior accounting pronouncements. SFAS No. 157 is effective for fiscal years beginning after November 15, 2007, the Company's fiscal year 2009. The implementation date for applying SFAS No. 157 to nonfinancial assets and nonfinancial liabilities has been extended to fiscal years beginning after November 15, 2008, the Company's fiscal year 2010. The adoption of SFAS No. 157 for financial assets and liabilities did not have a material impact on the Company's consolidated results of operations and financial condition.

SFAS 157 establishes a valuation hierarchy for disclosure of the inputs to valuation used to measure fair value. This hierarchy prioritizes the inputs into three broad levels as follows. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs are quoted prices for similar assets and liabilities in active markets or inputs that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument. Level 3 inputs are unobservable inputs based on the Company's assumptions used to measure assets and liabilities at fair value. A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement.

At November 29, 2008, the Company's interest rate swaps (see note 9) were carried at fair value measured on a recurring basis. Fair values are determined through the use of models that consider various assumptions, including time value, yield curves, as well as other relevant economic measures, which are inputs that are classified as Level 2 in the valuation hierarchy. The fair value of the Company's interest rate swaps was a \$0.2 million liability at November 29, 2008.

The Company has marketable debt securities that are classified as "available for sale" and are carried at fair value based on prices from recent trades of similar securities. These inputs are classified as Level 2 in the valuation hierarchy. The fair value of the marketable securities was \$18.8 million at November 29, 2008.

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities — Including an Amendment of FASB Statement No. 115* (SFAS No. 159), which becomes effective for fiscal periods beginning after November 15, 2007, the Company's fiscal year 2009. Under SFAS No. 159, companies may elect to measure specified financial instruments, and warranty and insurance contracts at fair value on a contract-by-contract basis, with changes in fair value recognized in earnings each reporting period. The adoption of SFAS No. 159 had no impact on the Company's consolidated results of operations and financial condition as the Company did not elect any fair-value measurements.

[Table of Contents](#)

In December 2007, the FASB issued SFAS No. 141(R), *Business Combinations* (SFAS No. 141(R)), which replaces SFAS No. 141. SFAS No. 141(R) requires assets and liabilities acquired in a business combination, contingent consideration, and certain acquired contingencies to be measured at their fair values as of the date of acquisition. SFAS No. 141(R) is effective for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. The Company will apply SFAS No. 141(R) prospectively to business combinations completed on or after that date. There will be no impact upon adoption to the Company's consolidated results of operations and financial condition as presented herein.

In December 2007, the FASB issued SFAS No. 160, *Noncontrolling Interests in Consolidated Financial Statements, an amendment of ARB No. 51* (SFAS No. 160). This standard requires all entities to report minority interests in subsidiaries as equity in the consolidated financial statements, and requires that transactions between entities and noncontrolling interests be treated as equity. SFAS No. 160 is effective for fiscal years beginning after December 15, 2008, the Company's fiscal year 2010. The adoption of SFAS No. 160 will have no impact on the Company's consolidated results of operations and financial condition as presented herein.

In March 2008, the FASB issued SFAS No. 161, *Disclosures About Derivative Instruments and Hedging Activities, an amendment of FASB Statement No. 133* (SFAS No. 161). SFAS No. 161 requires enhanced disclosures about an entity's derivative and hedging activities, but does not change FASB Statement No. 133's scope or accounting. SFAS No. 161 is effective for fiscal years and interim periods beginning after November 15, 2008. Therefore, the new disclosures will be required in the Company's fiscal year 2009 Form 10-K. The Company is currently evaluating the impact of SFAS No. 161 on its consolidated financial statements.

3. Stock-Based Compensation

Stock Incentive Plan

The 2002 Omnibus Stock Incentive Plan and the 1997 Omnibus Stock Incentive Plan (the Plans) provide for the issuance of 3,400,000 and 2,500,000 shares, respectively, for various forms of stock-based compensation to employees and directors. Awards under these Plans, either in the form of incentive stock options, nonstatutory options or stock-settled stock appreciation rights (SARs), are granted with an exercise price equal to the fair market value of the Company's stock at the date of award. Nonvested share awards are also included in these Plans. Outstanding options issued to employees generally vest over a four-year period, outstanding SARs vest over a three-year period and outstanding options issued to directors vest at the end of six months. Outstanding options and SARs have a 10-year term. Nonvested share awards generally vest over a two, three or four-year period.

The 1997 Omnibus Stock Incentive Plan was terminated in January 2006; no new grants may be made under the plan, although vesting and exercises of options and vesting of nonvested share awards previously granted thereunder will still occur in accordance with the terms of the various grants.

Total stock-based compensation expense included in the results of operations for the nine months ended November 29, 2008 and December 1, 2007, was \$2.1 million and \$5.6 million, respectively. Cash proceeds from the exercise of stock options were \$0.7 million and \$5.9 million for the nine months ended November 29, 2008 and December 1, 2007, respectively.

The weighted average fair value per option at the date of grant for options granted in fiscal 2009 and 2008 was \$7.37 and \$9.17, respectively. The aggregate intrinsic value of options (the amount by which the stock price on the date of exercise exceeded the stock price of the option on the date of grant) exercised during the nine months ended November 29, 2008 and December 1, 2007 was \$1.7 million and \$7.3 million, respectively.

[Table of Contents](#)

The fair value of each option grant is estimated on the date of grant using the Black-Scholes option-pricing model, with the following weighted-average assumptions used for grants through the first nine months of fiscal 2009 and 2008.

	Nine months ended	
	November 29, 2008	December 1, 2007
Dividend yield	1.3%	1.1%
Expected volatility	41.9%	41.3%
Risk-free interest rate	3.2%	4.3%
Expected lives	4.5 years	4.5 years

The expected stock price volatility is based on historical experience. The risk-free interest rate is based on the U.S. Treasury Strip rate, whose term is consistent with the expected life of the Company's stock options. The expected life, the average time an option grant is outstanding, and forfeiture rates are estimated based on historical experience.

The following table summarizes the stock option and SARs transactions under the Plans for the nine months ended November 29, 2008:

	Options/SARs Outstanding			
	Number of Shares	Weighted Average Exercise Price	Weighted Average Remaining Contractual Life	Aggregate Intrinsic Value
Outstanding at March 1, 2008	1,441,731	\$ 15.16		
Options and SARs granted	419,705	21.02		
Options and SARs exercised	(179,485)	11.36		
Options and SARs canceled	(8,140)	17.97		
Outstanding at November 29, 2008	<u>1,673,811</u>	<u>\$ 17.02</u>	<u>6.6 years</u>	<u>\$ 95,762</u>
Vested or expected to vest at Nov. 29, 2008	<u>1,624,739</u>	<u>\$ 16.89</u>	<u>6.5 years</u>	<u>\$ 95,762</u>
Exercisable at Nov. 29, 2008	<u>1,136,655</u>	<u>\$ 15.22</u>	<u>5.5 years</u>	<u>\$ 95,762</u>

The Amended and Restated 1987 Partnership Plan (the "Partnership Plan"), a plan designed to increase the ownership of Apogee stock by key employees, allowed participants selected by the Compensation Committee of the Board of Directors to defer earned incentive compensation through the purchase of Apogee common stock. The purchased stock was then matched by an equal award of nonvested shares, which vested over a predetermined period. This program was eliminated for fiscal 2006 and beyond, although vesting of nonvested shares will still occur according to the vesting period of the grants made prior to fiscal 2006.

Executive Compensation Program

In fiscal 2006, the Company implemented an executive compensation program to provide for a greater portion of total compensation to be delivered to key employees selected by the Compensation Committee of the Board of Directors through long-term incentives using performance shares and SARs. Performance shares are issued at the beginning of each fiscal year in the form of nonvested share awards. The number of shares issued at grant is equal to the target number of performance shares and allows for the right to receive an additional number of shares based on meeting pre-determined Company performance goals.

The following table summarizes the nonvested share award transactions, including performance shares, under the Plans and the Company's Partnership Plan for the nine months ended November 29, 2008:

Table of Contents

	Nonvested Shares	
	Number of Shares	Weighted Average Grant Date Fair Value
Nonvested at March 1, 2008	747,771	\$ 15.66
Granted	183,701	21.04
Vested	(214,618)	13.45
Canceled	(14,291)	23.59
Nonvested at November 29, 2008	<u>702,563</u>	<u>\$ 17.57</u>

At November 29, 2008, there was \$2.4 million of total unrecognized compensation cost related to nonvested share awards, which is expected to be recognized over a weighted average period of approximately 25 months. The total fair value of shares vested during the current period was \$4.7 million.

4. Earnings per Share

The following table presents a reconciliation of the denominators used in the computation of basic and diluted earnings per share.

<i>(In thousands, except per share data)</i>	Three months ended		Nine months ended	
	Nov. 29, 2008	Dec. 1, 2007	Nov. 29, 2008	Dec. 1, 2007
Basic earnings per share – weighted common shares outstanding	27,554	28,472	27,920	28,336
Weighted common shares assumed upon exercise of stock options	—	400	130	468
Unvested shares for deferred compensation plans	351	333	322	292
Diluted earnings per share – weighted common shares and potential common shares outstanding	<u>27,905</u>	<u>29,205</u>	<u>28,372</u>	<u>29,096</u>
Earnings per share – basic	\$ 0.64	\$ 0.39	\$ 1.43	\$ 1.21
Earnings per share – diluted	<u>0.63</u>	<u>0.38</u>	<u>1.41</u>	<u>1.17</u>
Stock options excluded from the calculation of diluted earnings per share because the exercise price was greater than the average market price of the common shares	<u>1,316</u>	<u>260</u>	<u>720</u>	<u>58</u>

5. Inventories

<i>(In thousands)</i>	November 29, 2008	March 1, 2008
Raw materials	\$ 20,140	\$18,769
Work-in-process	9,273	9,974
Finished goods	14,920	14,290
Costs and earnings in excess of billings on uncompleted contracts	2,781	3,829
Total inventories	<u>\$ 47,114</u>	<u>\$46,862</u>

6. Equity Investment

In fiscal 2001, the Company and PPG Industries, Inc. (PPG) combined their U.S. automotive replacement glass distribution businesses into a joint venture, PPG Auto Glass, LLC (PPG Auto Glass), of which the Company had a 34 percent interest. On September 30, 2008, in connection with PPG's sale of its automotive replacement glass businesses, Apogee executed its right to sell its minority interest in the PPG Auto Glass joint venture, resulting in cash proceeds of \$27.1 million and a pretax gain on sale of approximately \$2.0 million.

The Company's investment in PPG Auto Glass was \$22.7 million at March 1, 2008 and the excess of the cost of the investment over the value of the underlying net tangible assets when the joint venture was formed was \$2.5 million. This excess was reported as goodwill, and was written off upon the sale of the PPG Auto Glass joint venture.

7. Acquisitions

On December 21, 2007, the Company acquired all of the shares of Tubelite Inc. (Tubelite), a privately held business, for \$45.7 million, including transaction costs of \$1.0 million and net of cash acquired of \$0.9 million. Tubelite's results of operations have been included in the consolidated financial statements and within the Architectural segment since the date of acquisition. Tubelite fabricates aluminum storefront, entrance and curtainwall products for the U.S. commercial construction industry.

8. Goodwill and Other Identifiable Intangible Assets

The carrying amount of goodwill, net of accumulated amortization, attributable to each business segment for the nine months ended November 29, 2008 is detailed below. "Corporate and Other" included the excess of the cost of the investment over the value of the underlying net tangible assets related to the formation of the PPG Auto Glass joint venture. The PPG Auto Glass joint venture was sold in the third quarter of fiscal 2009 and as a result, the \$2.5 million of goodwill associated with this business was written off.

Under SFAS No. 142, *Goodwill and Other Intangible Assets*, goodwill should be reviewed for impairment at least annually or more frequently if indicators exist that would suggest that goodwill could be impaired. During the third quarter of fiscal 2009, the Company experienced a decrease in its market capitalization, which is considered a possible impairment indicator. Accordingly, the Company performed an interim test of goodwill impairment on each of its reporting units and, based on the results of this testing, concluded that none of the goodwill was impaired as of November 29, 2008. The Company will perform its annual test for goodwill impairment during the fourth quarter of fiscal 2009.

<i>(In thousands)</i>	<u>Architectural</u>	<u>Large-Scale Optical</u>	<u>Corporate and Other</u>	<u>Total</u>
Balance at March 1, 2008	\$ 47,901	\$ 10,557	\$ 2,519	\$60,977
Purchase price adjustments	27	—	—	27
PPG Auto Glass sale	—	—	(2,519)	(2,519)
Balance at November 29, 2008	<u>\$ 47,928</u>	<u>\$ 10,557</u>	<u>\$ —</u>	<u>\$58,485</u>

The Company's identifiable intangible assets with finite lives are being amortized over their estimated useful lives and were as follows:

<i>(In thousands)</i>	<u>November 29, 2008</u>			<u>March 1, 2008</u>		
	<u>Gross Carrying Amount</u>	<u>Accumulated Amortization</u>	<u>Net</u>	<u>Gross Carrying Amount</u>	<u>Accumulated Amortization</u>	<u>Net</u>
Debt issue costs	\$ 2,056	\$ (1,572)	\$ 484	\$ 2,056	\$ (1,484)	\$ 572
Non-compete agreements	5,839	(2,933)	2,906	5,839	(2,166)	3,673
Customer relationships	12,092	(3,283)	8,809	12,092	(1,615)	10,477
Purchased intellectual property	5,800	(802)	4,998	5,800	(543)	5,257
Total	<u>\$25,787</u>	<u>\$ (8,590)</u>	<u>\$17,197</u>	<u>\$25,787</u>	<u>\$ (5,808)</u>	<u>\$19,979</u>

Amortization expense on these identifiable intangible assets was \$2.8 million and \$0.8 million for the nine months ended November 29, 2008 and December 1, 2007, respectively. The amortization expense associated with the debt issue costs is included in interest expense while the remainder is in selling, general and administrative expenses in the consolidated results of operations. At November 29, 2008, the estimated future amortization expense for identifiable intangible assets for the remainder of fiscal 2009 and all of the following four fiscal years is as follows:

<i>(In thousands)</i>	<u>Remainder of Fiscal 2009</u>	<u>Fiscal 2010</u>	<u>Fiscal 2011</u>	<u>Fiscal 2012</u>	<u>Fiscal 2013</u>
Estimated amortization expense	\$ 909	\$2,935	\$2,336	\$2,039	\$1,541

9. Long-Term Debt

The Company maintains a \$100.0 million revolving credit facility, which expires in November 2011. Borrowings of \$20.0 million were outstanding as of November 29, 2008. The credit facility requires the Company to maintain a minimum level of net worth as defined in the credit facility based on certain quarterly financial calculations. The minimum required net worth computed in accordance with the credit agreement at November 29, 2008 was \$241.7 million, whereas the Company's net worth as defined in the credit facility was \$306.0 million. The credit facility also requires that the Company maintain a debt-to-cash flow ratio of no more than 2.75. This ratio is computed daily, with cash flow computed on a rolling 12-month basis. The Company's ratio was 0.26 at November 29, 2008. If the Company is not in compliance with either of these covenants, the lender may terminate the commitment and/or declare any loan then outstanding to be immediately due and payable. At November 29, 2008, the Company was in compliance with all of the financial covenants of the credit facility. Long-term debt also includes \$8.4 million of industrial development bonds that mature in fiscal years 2021 through 2023.

[Table of Contents](#)

Interest payments were \$2.1 million and \$2.0 million for the nine months of fiscal 2009 and 2008, respectively. As a portion of the total interest expense related to funds borrowed to purchase major facilities, information systems and equipment installations, the Company capitalized a portion of the interest payments and will depreciate them over the lives of the related assets. Capitalized interest for the nine months ended November 29, 2008 and December 1, 2007 was \$0.6 million and \$0.2 million, respectively.

The Company entered into two interest rate swap agreements in the first quarter of fiscal 2009. The two interest rate swaps effectively converted \$20.0 million of variable rate borrowings into a fixed-rate obligation at November 29, 2008. These agreements expire in fiscal 2010 and 2011. For each of these interest rate swaps, the Company receives payments at variable rates while making payments at fixed rates of between 2.59 and 2.72 percent.

10. Employee Benefit Plans

Components of net periodic benefit cost for the Company's Officers' Supplemental Executive Retirement Plan (SERP) and Tubelite Inc. Hourly Employees' Pension Plan (Tubelite Plan) for the three and nine-month periods of fiscal 2009 and 2008 were as follows:

<i>(In thousands)</i>	Three months ended		Nine months ended	
	November 29, 2008	December 1, 2007	November 29, 2008	December 1, 2007
Service cost	\$ 13	\$ 13	\$ 39	\$ 39
Interest cost	184	104	552	312
Expected return on assets	(63)	—	(189)	—
Amortization of unrecognized transition amount	(6)	—	(18)	—
Amortization of prior service cost	59	59	177	177
Amortization of unrecognized net loss	27	18	81	54
Curtailement loss	989	—	989	—
Net periodic benefit cost	<u>\$ 1,203</u>	<u>\$ 194</u>	<u>\$ 1,631</u>	<u>\$ 582</u>

On October 8, 2008, the Company's Board of Directors adopted an amendment to the Apogee Enterprises, Inc. Officers' Supplemental Executive Retirement Plan providing that no more benefits will accrue to plan participants as of December 31, 2008. Plan participants will continue to earn service for the purpose of becoming vested in the benefits they had accrued as of December 31, 2008. The Company incurred \$1.0 million of expense in the third quarter of fiscal 2009 associated with the curtailment of the SERP.

11. Income Taxes

The Company files income tax returns in the U.S. federal jurisdiction and various U.S. state jurisdictions. With few exceptions, the Company is no longer subject to U.S. federal or state and local income tax examinations by tax authorities for years prior to fiscal 2004. The Internal Revenue Service has audited the Company through fiscal 2002.

The total gross liability for unrecognized tax benefits at November 29, 2008 and March 1, 2008 was approximately \$15.2 million and \$13.5 million, respectively. The Company records the impact of penalties and interest related to unrecognized tax benefits in income tax expense, which is consistent with past practices. There were no material adjustments to the recorded liability for unrecognized tax benefits during the nine months ended November 29, 2008. It is reasonably possible that the amount of the unrecognized tax benefit with respect to certain tax positions will increase or decrease during the next 12 months; however, the Company does not expect the change to have a significant effect on the consolidated results of operations or financial position.

12. Discontinued Operations

During fiscal 2007, the Company announced its intention to discontinue the manufacturing of automotive replacement glass products and also announced its decision to sell the remaining portion of the Auto Glass segment that manufactures and sells original equipment manufacturer and aftermarket replacement windshields for the recreational vehicle and bus markets. The Company restated the consolidated financial statements to show the results of the Auto Glass segment in discontinued operations. The Company completed the sale of certain assets related to the business during the third quarter of fiscal 2008, resulting in a pre-tax gain of \$5.8 million.

In several transactions in fiscal years 1998 through 2000, the Company completed the sale of its large-scale domestic curtainwall business, the sale of the Company's detention/security business and its exit from international curtainwall operations. The remaining estimated cash expenditures related to these discontinued operations are recorded as liabilities of discontinued operations, and a majority of the remaining cash expenditures related to discontinued operations is expected to be paid within the next three years. The majority of these liabilities relate to the international curtainwall operations, including bonds outstanding, of which the precise degree of liability related to these matters will not be known until they are settled within the U.K. courts. The reserve for discontinued operations also covers other liability issues, consisting of warranty issues relating to these and other international construction projects.

Table of Contents

During the first quarter of fiscal 2008, these reserves were reduced by \$3.5 million, primarily due to resolution of an outstanding legal matter related to a significant French curtainwall project, resulting in non-cash income from discontinued operations of \$2.0 million. The remaining amounts in results from discontinued operations in the current and prior-year periods reflect the operating loss of the Auto Glass segment that has been sold.

Long-term liabilities	3,439	3,796

13. Commitments and Contingent Liabilities

Operating lease commitments. As of November 29, 2008, the Company was obligated under noncancelable operating leases for buildings and equipment. Certain leases provide for increased rentals based upon increases in real estate taxes or operating costs. Future minimum rental payments under noncancelable operating leases are:

<i>(In thousands)</i>	<u>Remainder of Fiscal 2009</u>	<u>Fiscal 2010</u>	<u>Fiscal 2011</u>	<u>Fiscal 2012</u>	<u>Fiscal 2013</u>	<u>Thereafter</u>	<u>Total</u>
Total minimum payments	\$ 1,946	\$ 6,925	\$ 5,624	\$ 4,041	\$ 2,885	\$ 5,136	\$ 26,557

Bond commitments. In the ordinary course of business, predominantly in the Company's installation business, the Company is required to obtain a surety or performance bond that commits payments to its customers for any non-performance on its behalf. At November 29, 2008, \$184.1 million of the Company's backlog was bonded by performance bonds with a face value of \$438.1 million. Performance bonds do not have stated expiration dates, as the Company is released from the bonds upon completion of the contract. With respect to the current portfolio of businesses, the Company has never been required to pay on these performance-based bonds.

Guarantees and warranties. The Company accrues for warranty and claim costs as a percentage of sales based on historical trends. Actual warranty and claim costs are deducted from the accrual when incurred. The Company's warranty and claim accruals are detailed below.

<i>(In thousands)</i>	<u>Nine months ended</u>	
	<u>Nov. 29, 2008</u>	<u>Dec. 1, 2007</u>
Balance at beginning of period	\$ 4,617	\$ 4,324
Additional accruals	4,923	2,644
Claims paid	(5,542)	(3,387)
Balance at end of period	\$ 3,998	\$ 3,581

Letters of credit. At November 29, 2008, the Company had ongoing letters of credit related to construction contracts and certain industrial development bonds. The total value of letters of credit under which the Company was obligated as of November 29, 2008 was approximately \$10.1 million. The Company's total availability under its \$100.0 million credit facility is reduced by borrowings under the facility and also by letters of credit issued under the facility. As of November 29, 2008, \$8.9 million of letters of credit had been issued under the facility.

[Table of Contents](#)

Purchase obligations. The Company has purchase obligations for raw material commitments and capital expenditures. As of November 29, 2008, these obligations totaled \$12.4 million.

Non-compete agreements. The Company has entered into a number of non-compete and consulting agreements associated with current and former employees. As of November 29, 2008, future payments of \$0.9 million were committed under such agreements.

Litigation. The Company is a party to various legal proceedings incidental to its normal operating activities. In particular, like others in the construction supply industry, the Company's construction supply businesses are routinely involved in various disputes and claims arising out of construction projects, sometimes involving significant monetary damages or product replacement. The Company is subject to litigation arising out of employment practices, workers compensation, general liability and automobile claims. Although it is very difficult to accurately predict the outcome of such proceedings, facts currently available indicate that no such claims will result in losses that would have a material adverse effect on the financial condition of the Company.

14. Comprehensive Earnings

<i>(In thousands)</i>	Three months ended		Nine months ended	
	Nov. 29, 2008	Dec. 1, 2007	Nov. 29, 2008	Dec. 1, 2007

Unrealized loss on derivatives, net of \$66, \$8, \$57 and \$8 tax benefit, respectively	(117)	(13)	(100)	(14)
Unrealized (loss) gain on marketable securities, net of \$(243), \$46, \$(203) and \$12 tax (benefit) expense, respectively	(451)	85	(377)	22
Pension liability adjustment, net of \$359, \$0, \$359 and \$0 tax expense, respectively	629	—	629	—
Comprehensive earnings	<u>\$17,706</u>	<u>\$11,068</u>	<u>\$40,216</u>	<u>\$34,174</u>

15. Segment Information

The following table presents sales and operating income data for the Company's two segments, and consolidated, for the three and nine months ended November 29, 2008, as compared to the corresponding periods a year ago.

<i>(In thousands)</i>	Three months ended		Nine months ended	
	Nov. 29, 2008	Dec. 1, 2007	Nov. 29, 2008	Dec. 1, 2007
Net Sales				
Architectural	\$219,060	\$189,134	\$668,412	\$575,445
Large-Scale Optical	21,343	21,840	55,432	63,090
Intersegment eliminations	(6)	1	(8)	(2)
Net sales	<u>\$240,397</u>	<u>\$210,975</u>	<u>\$723,836</u>	<u>\$638,533</u>
Operating Income (Loss)				
Architectural	\$ 19,629	\$ 7,718	\$ 49,718	\$ 33,695
Large-Scale Optical	6,497	4,546	13,242	12,078
Corporate and Other	(1,307)	(487)	(2,710)	(1,765)
Operating income	<u>\$ 24,819</u>	<u>\$ 11,777</u>	<u>\$ 60,250</u>	<u>\$ 44,008</u>

Due to the varying combinations of individual window systems and curtainwall, the Company has determined that it is impractical to report product and service revenues generated by the Architectural segment by class of product, beyond the segment revenues currently reported.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Forward-Looking Statements

This discussion contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. These statements reflect our current views with respect to future events and financial performance. The words "believe," "expect," "anticipate," "intend," "estimate," "forecast," "project," "should" and similar expressions are intended to identify "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. All forecasts and projections in this document are "forward-looking statements," and are based on

[Table of Contents](#)

management's current expectations or beliefs of the Company's near-term results, based on current information available pertaining to the Company, including the risk factors noted under Item 1A of the Company's Annual Report on Form 10-K for the fiscal year ended March 1, 2008 and Item 1A of this quarterly report on Form 10-Q. From time to time, we may also provide oral and written forward-looking statements in other materials we release to the public such as press releases, presentations to securities analysts or investors, or other communications by the Company. Any or all of our forward-looking statements in this report and in any public statements we make could be materially different from actual results.

Accordingly, we wish to caution investors that any forward-looking statements made by or on behalf of the Company are subject to uncertainties and other factors that could cause actual results to differ materially from such statements. These uncertainties and other risk factors include, but are not limited to, the risks and uncertainties set forth under Item 1A of the Company's Annual Report on Form 10-K for the fiscal year ended March 1, 2008.

We wish to caution investors that other factors might in the future prove to be important in affecting the Company's results of operations. New factors emerge from time to time; it is not possible for management to predict all such factors, nor can it assess the impact of each such factor on the business or the extent to which any factor, or a combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. We undertake no obligation to update publicly or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Overview

We are a leader in certain technologies involving the design and development of value-added glass products, services and systems. The Company is comprised of two segments: Architectural Products and Services (Architectural) and Large-Scale Optical (LSO). Our Architectural segment companies design, engineer, fabricate, install, maintain and renovate the walls of glass, windows, storefront and entrances comprising the outside skin of commercial and institutional buildings. Businesses in this segment are: Viracon, Inc., a leading fabricator of coated, high-performance architectural glass for global markets; Harmon, Inc., one of the largest U.S. full-service building glass installation, maintenance and renovation companies; Wausau Window and Wall Systems, a manufacturer of custom aluminum window systems and curtainwall; and Linetec, a paint and anodizing finisher of architectural aluminum and PVC shutters. In December 2007, we acquired all of the shares of Tubelite Inc. (Tubelite), a privately held business that fabricates aluminum storefront, entrance and curtainwall products for the U.S. commercial construction industry. Since the acquisition, we have included Tubelite's results in our Architectural segment. Our LSO segment consists of Tru Vue, Inc., a manufacturer of value-added glass and acrylic for the custom picture framing and commercial optics markets.

The following selected financial data should be read in conjunction with the Company's Form 10-K for the year ended March 1, 2008 and the consolidated financial statements, including the notes to consolidated financial statements, included therein.

Sales and Earnings

The relationship between various components of operations, stated as a percent of net sales, is illustrated below for the three and nine-month periods of the current and past fiscal year.

Table of Contents

<i>(Percent of net sales)</i>	Three months ended		Nine months ended	
	Nov. 29, 2008	Dec. 1, 2007	Nov. 29, 2008	Dec. 1, 2007

Effective tax rate for continuing operations	32.9%	2.0%	34.5%	28.6%

Highlights of Third Quarter and First Nine Months of Fiscal 2009 Compared to Third Quarter and First Nine Months of Fiscal 2008

- Consolidated net sales increased 13.9 percent, or \$29.4 million, for the third quarter ended November 29, 2008 compared to the prior-year period, and increased 13.4 percent or \$85.3 million for the nine-month period. The drivers of the increases for both the quarter and year-to-date revenues were a result of higher Architectural segment sales. Approximately half of the increase was due to increased volume from additional architectural glass capacity put in place in fiscal 2008 and early fiscal 2009 to support the demand for our architectural glass products as well as increased pricing and improved mix of these products. The remainder of the increase was primarily due to the impact of the acquisition of the storefront and entrance business in the prior year's fourth quarter.
- Gross profit as a percent of sales for the quarter ended November 29, 2008 increased to 22.9 percent from 19.1 percent in the prior-year period, an increase of 3.8 percentage points. The increase in gross margins was primarily due to improvements in the installation business margins. This business' prior-year quarter results included a \$6.5 million write-down on three projects in one market, one of which has been completed. The current-year quarter included an additional \$3.3 million of expenses for estimated final remediation on two of these projects. Excluding the net impact of these write-downs, the margin improvement of 2.3 percentage points was primarily driven by project mix and execution of the installation business.
- Gross profit as a percent of sales for the nine months ended November 29, 2008 increased to 21.1 percent, compared to 20.4 percent in the prior-year period, an increase of 0.7 percentage points. The nine-month period gross margins were favorably impacted by strong operating performance in the installation business, offset by operational challenges in our architectural glass business in the second and into the third quarters of the current year. Our LSO segment business also saw strong operating performance in the year-to-date period as compared to the prior-year. The prior-year nine-month period included the higher level of installation project write-downs noted above and the startup of our new architectural glass facility in St. George, Utah. Excluding the net impact of these items, the margins were flat, year-over-year.
- Selling, general and administrative (SG&A) expenses for the third quarter decreased to 12.6 percent of net sales compared to 13.5 percent in the prior-year period. The decrease as a percent of sales primarily relates to reduced long-term executive compensation expenses, primarily related to lower projected payouts of stock-based incentives as a result of reducing our outlook for future years.
- Selling, general and administrative (SG&A) expenses for the nine-month period decreased to 12.8 percent of net sales compared to 13.5 percent in the prior-year period, but increased \$6.4 million year-over-year. The reduced long-term executive compensation expenses contributed to the decrease as a percent of sales and the remaining decrease as a percent of sales is due to leveraging expenses over a higher level of sales dollars. The increase in spending was due to expenditures to update our computer systems and information technology infrastructure, as well as the impact of amortization of intangibles related to the storefront and entrance business acquisition.

Table of Contents

- Other income was a loss of \$0.3 million in the third quarter compared to income of \$0.1 million in the prior year and was a loss of \$0.2 million for the nine months of fiscal 2009 compared to income of \$0.1 million in the same period of the prior year. The loss in both the current quarter and year-to-date period was due to the write-down of one of our investments in marketable securities as the amount is not considered recoverable.
- During the third quarter of fiscal 2009 and in connection with PPG's sale of its automotive replacement glass businesses, we executed our right to sell our minority interest in the PPG Auto Glass joint venture, resulting in cash proceeds of \$27.1 million and a pretax gain on sale of approximately \$2.0 million. As a result, equity in affiliated companies reported no income in the current quarter and a loss of \$0.1 million for the nine month period. This compared to income of \$0.8 million in the prior-year quarter and \$2.5 million in the prior year-to-date period. The joint venture was negatively impacted by soft conditions in the auto glass replacement market during fiscal 2009. Additionally, in the third quarter of fiscal 2008 we recorded a \$4.8 million impairment charge related to the PPG Auto Glass joint venture. This is reflected in our consolidated results of operations as an impairment charge on investment in affiliated company.
- The effective tax rate for continuing operations for the third quarter was 32.9 percent compared to 2.0 percent in the prior-year period and was 34.5 percent for the year-to-date period compared to 28.6 percent in the prior year. The increase in the effective tax rate for both the quarter and year-to-date periods was primarily due to a benefit recognized in the prior year upon conclusion of the analysis of research and development tax credits. The current year was also impacted, to a lesser extent, by research and development tax credits taken for three-quarters of the year as the legislation extending this credit to our fiscal 2009 was passed during our third quarter.
- Third-quarter earnings from discontinued operations were break-even compared to income of \$3.4 million in the prior-year period due to the gain on sale of certain assets related to our Auto Glass business sold during the third quarter of fiscal 2008. For the nine months, we reported a loss of \$0.2 million versus earnings of \$5.1 million. The earnings in the prior-year nine-month period was due to a reduction in our discontinued operations reserves of \$3.5 million, primarily due to resolution of an outstanding legal matter related to a significant French curtainwall project during the first quarter of fiscal 2008 and the gain on sale of certain assets related to our Auto Glass manufacturing business in the third quarter of fiscal 2008.

Segment Analysis

The following table presents sales and operating income data for our two segments and on a consolidated basis for the three and nine-month periods ended November 29, 2008, when compared to the corresponding period a year ago.

<i>(In thousands)</i>	Three months ended			Nine months ended		
	Nov. 29, 2008	Dec. 1, 2007	% Change	Nov. 29, 2008	Dec. 1, 2007	% Change
Net Sales						
Architectural	\$219,060	\$189,134	15.8%	\$668,412	\$575,445	16.2%
Large-Scale Optical	21,343	21,840	(2.3)	55,432	63,090	(12.1)
Intersegment eliminations	(6)	1	NM	(8)	(2)	NM
Net sales	<u>\$240,397</u>	<u>\$210,975</u>	<u>13.9%</u>	<u>\$723,836</u>	<u>\$638,533</u>	<u>13.4%</u>
Operating Income (Loss)						
Architectural	\$ 19,629	\$ 7,718	154.3%	\$ 49,718	\$ 33,695	47.6%
Large-Scale Optical	6,497	4,546	42.9	13,242	12,078	9.6
Corporate and Other	(1,307)	(487)	NM	(2,710)	(1,765)	NM
Operating income	<u>\$ 24,819</u>	<u>\$ 11,777</u>	<u>110.7%</u>	<u>\$ 60,250</u>	<u>\$ 44,008</u>	<u>36.9%</u>

NM = not meaningful

Due to the varying combinations of individual window systems and curtainwall, the Company has determined that it is impractical to report product and service revenues generated by the Architectural segment by class of product, beyond the segment revenues currently reported.

Architectural Products and Services (Architectural)

- Third-quarter net sales of \$219.1 million increased 15.8 percent over the prior-year period, and net sales of \$668.4 million for the nine-month period increased 16.2 percent over the prior-year period. The increase in both the quarter and nine-month periods was approximately equally distributed between the impact of increased revenues from architectural glass and the impact of the acquired storefront and entrance business in the prior year fourth quarter. The increase in architectural glass revenues is derived from increased capacity from the new architectural glass facility in St. George, Utah, as well as other converted facilities added last year, increased pricing and improved product mix. For the quarter, these increases were partially offset by declines in the window manufacturing business due to project delays.

[Table of Contents](#)

- Operating income of \$19.6 million in the current quarter increased 154.3 percent over the prior-year period, and operating margins increased to 9.0 percent compared to 4.1 percent in the prior-year period, an increase of 4.9 percentage points. Both the current and prior year periods included project write-downs on three projects in one market of \$3.3 million and \$6.5 million, respectively; excluding the impact of these project write-downs, operating margins increased 3.0 percentage points. This increase was primarily due to improved installation project margins as a result of improved project mix and execution and the reduction of long-term executive compensation expenses.
- Operating income of \$49.7 million for the nine-month period increased 47.6 percent over the prior-year period, while operating margins increased to 7.4 percent from 5.9 percent for the prior-year period, an increase of 1.5 percentage points. The increase in current-year margins was due to improved operational performance and the impact of the project write-downs in the installation business noted above and was partially offset by the negative impact of the operating challenges in the architectural glass business during the second and into the third quarter and higher labor costs due to the mix shift; and continued ramp-up costs for new capacity. Excluding the impact of the installation project write-downs and the startup costs for the new architectural glass facility in St. George, Utah during the prior-year period, operating margins would have improved 0.7 percent points for the prior year-to-date period.
- Architectural backlog at November 29, 2008 decreased to \$373.2 million from \$456.7 million in the prior-year period; it was down from the \$446.7 million reported in the second quarter, and from the \$510.9 million reported at fiscal 2008 year-end. Backlog is down due to slowing bid-to-award timing, despite strong bidding activity, and a small number of cancellations. We expect approximately \$141.0 million of this backlog to flow during the remainder of fiscal 2009.

Large-Scale Optical Technologies (LSO)

- Third quarter revenues were \$21.3 million, down 2.3 percent from the prior-year period. For the nine months ended November 29, 2008, revenues were \$55.4 million, down 12.1 percent from the prior-year. The decrease for both the three and nine-month periods was due primarily to the planned elimination of less profitable product lines, as well as soft picture framing market conditions in the current year. However, during this year, we have continued to see growth in our best value-added picture framing products.
- Operating income of \$6.5 million in the quarter was up 42.9 percent from the prior-year period, while operating margins increased to 30.4 percent compared to 20.8 percent in the prior year. Operating income of \$13.2 million for the nine months of fiscal 2009 was up 9.6 percent from the prior year, and operating margins increased to 23.9 percent compared to 19.1 percent in the prior year. The improved margins for both the quarter and year-to-date periods were due to a strong mix of our best value-added picture framing glass in the current year and the elimination of less profitable product lines.

Consolidated Backlog

- At November 29, 2008, our consolidated backlog was \$374.4 million, down 19.0 percent from the prior-year period and 16.5 percent from the \$448.4 million reported at second quarter.
- The backlog of the Architectural segment represented 99.7 percent of the Company's consolidated backlog.
- We view backlog as an important statistic in evaluating the level of sales activity and short-term sales trends in our business. However, as backlog is only one indicator, and is not an effective indicator, of the ultimate profitability of the Company's sales, the Company does not believe that backlog should be used as the sole indicator of future earnings of the Company.

Acquisitions

On December 21, 2007, we acquired all of the shares of Tubelite Inc., a privately held business, for \$45.7 million, including transaction costs of \$1.0 million and net of cash acquired of \$0.9 million. Tubelite's results of operations have been included in the consolidated financial statements and within the Architectural segment since the date of acquisition. Tubelite fabricates aluminum storefront, entrance and curtainwall products for the U.S. commercial construction industry. The purchase is part of our strategy to grow our presence in commercial architectural markets. Goodwill recorded as part of the purchase price allocation was \$21.7 million and is not tax deductible. Identifiable intangible assets acquired as part of the acquisition were \$17.6 million and include customer relationships, trademarks and non-compete agreements with a weighted average useful life of 15 years.

Goodwill

Under SFAS No. 142, *Goodwill and Other Intangible Assets*, goodwill should be reviewed for impairment at least annually or more frequently if indicators exist that would suggest that goodwill could be impaired. During the third

quarter of fiscal 2009, we experienced a decrease in our market capitalization, which is considered a possible impairment indicator. Accordingly, we performed an interim test of goodwill impairment on each of our reporting units and, based on the results of this testing, concluded that none of our goodwill was impaired as of November 29, 2008.

The estimated fair value of each of our reporting units is dependent on several significant assumptions, including our earnings projections and our cost of capital. We continue to monitor our market capitalization, along with other operational performance measures and general economic conditions. A significant downward trend in these factors could cause us to reduce the estimated fair value of some or all of our reporting units and recognize a corresponding impairment of our goodwill in connection with a future goodwill impairment test. We will perform the annual test for goodwill impairment during the fourth quarter of fiscal 2009.

Discontinued Operations

During fiscal 2007, we announced our intention to discontinue the manufacturing of automotive replacement glass products and also announced the decision to sell the remaining portion of the Auto Glass segment that manufactures and sells original equipment manufacturer and aftermarket replacement windshields for the recreational vehicle and bus markets. We restated the consolidated financial statements to show the results of the Auto Glass segment in discontinued operations. We completed the sale of certain assets related to the business during the third quarter of fiscal 2008, resulting in a pre-tax gain of \$5.8 million.

In several transactions in fiscal years 1998 through 2000, we completed the sale of our large-scale domestic curtainwall business, the sale of our detention/security business and the exit from international curtainwall operations. The remaining estimated cash expenditures related to these discontinued operations are recorded as liabilities of discontinued operations and a majority of the remaining cash expenditures related to discontinued operations is expected to be paid within the next three years. The majority of these liabilities relate to the international curtainwall operations, including bonds outstanding, of which the precise degree of liability related to these matters will not be known until they are settled within the U.K. courts. The reserve for discontinued operations also covers other liability issues, consisting of warranty issues relating to these and other international construction projects.

During the first quarter of fiscal 2008, these reserves were reduced by \$3.5 million, primarily due to resolution of an outstanding legal matter related to a significant French curtainwall project, resulting in non-cash income from discontinued operations of \$2.0 million. The remaining amounts in results from discontinued operations in the current and prior-year periods reflect the operating loss of the Auto Glass segment that has been sold.

Liquidity and Capital Resources

<i>(Cash effect, in thousands)</i>	Nine months ended	
	November 29, 2008	December 1, 2007
Net cash provided by continuing operating activities	\$ 71,008	\$ 49,092
Capital expenditures	(49,460)	(38,977)
Net decrease in borrowings	(29,800)	(14,800)

Operating activities. Cash provided by operating activities of continuing operations was \$71.0 million for the first nine months of fiscal 2009, compared to \$49.1 million in the prior-year period. The change was primarily driven by increased earnings and cash generated by continued improvement in our working capital management processes.

Non-cash working capital (current assets, excluding cash and cash equivalents, less current liabilities) was \$67.1 million at November 29, 2008 or 6.9 percent of last 12-month sales, a metric we use to measure our effectiveness for reducing working capital. This compares to \$82.1 million at December 1, 2007 or 9.7 percent of last 12-month sales.

Investing Activities. Through the first nine months of fiscal 2009, investing activities used \$19.9 million of cash, compared to \$40.7 million in the same period last year. New capital investments through the first nine months of fiscal 2009 totaled \$49.5 million, compared to \$39.0 million in the prior-year period. The current year spending was primarily for productivity improvements and capacity expansions in both operating segments, including approximately \$19.0 million for a new LEED-certified architectural window facility and equipment. The prior year included completion of our new architectural glass fabrication plant in St. George, Utah. In the current year, we received \$27.1 million of proceeds on the sale of our interest in the PPG Auto Glass joint venture.

We expect fiscal 2009 capital expenditures to be approximately \$60 million. This includes the cost of the new architectural window facility, and capacity expansions and productivity improvements in the Architectural and LSO segments. We estimate our maintenance and safety capital expenditures to be approximately \$25 million to \$30 million annually.

[Table of Contents](#)

We continue to review our portfolio of businesses and their assets in comparison to our internal strategic and performance objectives. As part of this review, we may acquire other businesses and further invest in, fully divest and/or sell parts of our current businesses.

Financing Activities. Total outstanding borrowings decreased to \$28.4 million at November 29, 2008 from the \$58.2 million outstanding at March 1, 2008, primarily due to the cash proceeds on the PPG Auto Glass sale. The majority of our long-term debt, \$20.0 million, consisted of bank borrowings under our \$100.0 million syndicated revolving credit facility. Our debt-to-total-capital ratio was 8.5 percent at November 29, 2008, down from 17.0 percent at March 1, 2008.

We paid dividends of \$6.5 million during the first nine months of fiscal 2009, compared to \$6.1 million in the same period of fiscal 2008. We expect to continue to make quarterly dividend payments and spend approximately \$8.9 million on dividends for the year.

During fiscal 2004, the Board of Directors authorized a share repurchase program of 1,500,000 shares of common stock. The Board of Directors increased this authorization by 750,000 shares in January 2008 and by 1,000,000 in October 2008. We repurchased 535,324 shares in the open market under this program, for a total of \$7.2 million, through February 25, 2006. No share repurchases were made under this plan during fiscal 2007. We repurchased 338,569 shares in the open market during fiscal 2008 for \$5.4 million. During the first nine months of fiscal 2009, we repurchased 1,130,230 shares in the open market for \$14.6 million under the program. Therefore, we have purchased a total of 2,004,123 shares, at a total cost of \$27.3 million, since the inception of this program and have remaining authority to repurchase 1,245,877 shares under this program, which has no expiration date.

Other Financing Activities. The following summarizes our significant contractual obligations that impact our liquidity:

<i>(In thousands)</i>	Future Cash Payments Due by Fiscal Period						
	2009 Remaining	2010	2011	2012	2013	Thereafter	Total
Continuing Operations							
Borrowings under credit facility	\$ —	\$ —	\$ —	\$ 20,000	\$ —	\$ —	\$ 20,000
Industrial revenue bonds	—	—	—	—	—	8,400	8,400
Operating leases (undiscounted)	1,946	6,925	5,624	4,041	2,885	5,136	26,557
Purchase obligations	10,296	2,065	—	—	—	—	12,361
Interest on fixed-rate debt	133	319	14	—	—	—	466
Other obligations	270	607	—	—	—	—	877
Total cash obligations	<u>\$ 12,645</u>	<u>\$ 9,916</u>	<u>\$ 5,638</u>	<u>\$ 24,041</u>	<u>\$ 2,885</u>	<u>\$ 13,536</u>	<u>\$ 68,661</u>

We maintain a \$100.0 million revolving credit facility, which expires in November 2011. Borrowings of \$20.0 million were outstanding as of November 29, 2008. The credit facility requires that we maintain a minimum level of net worth as defined in the credit facility based on certain quarterly financial calculations. The minimum required net worth computed in accordance with the credit agreement at November 29, 2008 was \$241.7 million, whereas our net worth as defined in the credit facility was \$306.0 million. The credit facility also requires that we maintain a debt-to-cash flow ratio of no more than 2.75. This ratio is computed daily, with cash flow computed on a rolling 12-month basis. Our ratio was 0.26 at November 29, 2008. If we are not in compliance with either of these covenants, the lender may terminate the commitment and/or declare any loan then outstanding to be immediately due and payable. At November 29, 2008, we were in compliance with all of the financial covenants of the credit facility. Long-term debt also includes \$8.4 million of industrial development bonds that mature in fiscal years 2021 through 2023.

We have purchase obligations for raw material commitments and capital expenditures. As of November 29, 2008, these obligations totaled \$12.4 million.

We expect to make contributions of \$0.9 million to our pension plans in fiscal 2009. The fiscal 2009 expected contributions will equal or exceed our minimum funding requirements.

[Table of Contents](#)

As of November 29, 2008, we had \$15.2 million and \$2.0 million of unrecognized tax benefits and environmental liabilities, respectively. We are unable to reasonably estimate in which future periods these amounts will ultimately be settled.

We maintain two interest rate swap agreements that, at November 29, 2008, effectively converted \$20.0 million of variable rate borrowings into a fixed-rate obligation. These agreements expire in fiscal 2010 and 2011. For each of these interest rate swaps, we receive payments at variable rates while making payments at fixed rates of between 2.59 and 2.72 percent. The impact of these interest rate swaps is reflected in the interest on fixed-rate debt in the above table. We had a third interest rate swap that expired in the third quarter of fiscal 2009.

From time to time, we acquire the use of certain assets, such as warehouses, automobiles, forklifts, vehicles, office equipment, hardware, software and some manufacturing equipment through operating leases. Many of these operating leases have termination penalties. However, because the assets are used in the conduct of our business operations, it is unlikely that any significant portion of these operating leases would be terminated prior to the normal expiration of their lease terms. Therefore, we consider the risk related to termination penalties to be minimal.

Under certain of our lease agreements, we have the option to purchase equipment at projected future fair value upon expiration of the leases. During the third quarter of fiscal 2009, we notified our lender of our intent to exercise the early buy-out option on one of our equipment leases. The early buy-out was effective in the third quarter in the amount of \$0.3 million.

The other obligations relate to non-compete and consulting agreements with current and former employees.

At November 29, 2008, we had ongoing letters of credit related to construction contracts and certain industrial development bonds. The letters of credit by expiration period were as follows at November 29, 2008:

	Amount of Commitment Expiration Per Fiscal Period						Total
	2009 Remaining	2010	2011	2012	2013	Thereafter	
<i>(In thousands)</i> Standby letters of credit	\$ 1,413	\$—	\$—	\$—	\$—	\$ 8,653	\$ 10,066

In addition to the above standby letters of credit, which were predominantly issued for our Industrial Development Bonds, we are required, in the ordinary course of business, to obtain a surety or performance bond that commits payments to our customers for any non-performance on our behalf. At November 29, 2008, \$184.1 million of our backlog was bonded by performance bonds with a face value of \$438.1 million. Performance bonds do not have stated expiration dates, as we are released from the bonds upon completion of the contract. With respect to our current portfolio of businesses, we have never been required to pay on these performance-based bonds.

We self-insure our third-party product liability coverages. As a result, a material construction project rework event would have a material adverse effect on our operating results.

For fiscal 2009, we believe that current cash on hand, cash generated from operating activities and available capacity under our committed revolving credit facility should be adequate to fund our working capital requirements, planned capital expenditures and dividend payments.

Outlook

The following statements are based on current expectations for full-year fiscal 2009 results. These statements are forward-looking, and actual results may differ materially.

- Overall revenues for the year are expected to increase 6 to 8 percent compared to fiscal 2008.
 - Architectural segment revenues are expected to increase 8 to 10 percent, driven by the architectural glass business and the storefront and entrance business acquisition.
 - LSO segment revenues are expected to be down 8 to 10 percent.
- Annual gross margins are expected to be approximately 21 percent; increased pricing and project margins are expected to offset increases in wages, health care, energy costs, materials and freight.
- SG&A expenses as a percent of annual sales are projected to be slightly more than 13 percent.
- Expected annual operating margins by segment are: Architectural, 6.6 to 7.2 percent; and LSO, approximately 22 percent.
- Equity in affiliates is expected to have pre-tax earnings of approximately \$1.9 million, including the sale of Apogee's interest in the PPG Auto Glass joint venture.

[Table of Contents](#)

- Full-year capital expenditures are projected to be approximately \$60 million, including capacity expansions and productivity improvements in each of the Architectural and LSO segments.
- Depreciation and amortization are estimated at approximately \$30 million for the year.
- Debt is expected to be less than \$20 million at fiscal year-end.
- The effective tax rate for the full year is anticipated to be approximately 34 percent.
- Earnings per share from continuing operations are expected to range from \$1.65 to \$1.82 for the full year.

Related Party Transactions

As noted above, during the third quarter of fiscal 2009 and in connection with PPG's sale of its automotive replacement glass businesses, we executed our right to sell our minority interest in the PPG Auto Glass joint venture. As a result, PPG and PPG Auto Glass are no longer deemed to be related parties.

Critical Accounting Policies

No material changes have occurred in the disclosure with respect to our critical accounting policies set forth in our Annual Report on Form 10-K for the fiscal year ended March 1, 2008.

Item 3: Quantitative and Qualitative Disclosures About Market Risk

We had approximately \$18.8 million available-for-sale municipal bonds as of November 29, 2008. The primary market risks associated with these investments are interest rate and liquidity risk. A rise in interest rates could negatively affect the fair value of our investments. Because the available-for-sale securities are municipal bonds from domestic issuers, we believe that our current liquidity risks are low.

No material changes have occurred to the remaining disclosures of quantitative and qualitative market risk set forth in our Annual Report on Form 10-K for the fiscal year ended March 1, 2008.

Item 4: Controls and Procedures

- Evaluation of Disclosure Controls and Procedures. As of the end of the period covered by this report (the Evaluation Date), we carried out an evaluation, under the supervision and with the participation of management, including the Chief Executive Officer and the Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) of the Securities Exchange Act of 1934, as amended (the Exchange Act)). Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that, as of the Evaluation Date, our disclosure controls and procedures were effective to ensure that information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act is (i) recorded, processed, summarized and reported within the time periods specified in applicable rules and forms, and (ii) accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosure.
- Changes in internal controls: There was no change in the Company's internal control over financial reporting that occurred during the fiscal quarter ended November 29, 2008, that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

The Company has been a party to various legal proceedings incidental to its normal operating activities. In particular, like others in the construction supply industry, the Company's construction supply businesses are routinely involved in various disputes and claims arising out of construction projects, sometimes involving significant monetary damages or product replacement. The Company has also been subject to litigation arising out of employment practices, workers compensation, general liability and automobile claims. Although it is difficult to accurately predict the outcome of such proceedings, facts currently available indicate that no such claims will result in losses that would have a material adverse effect on the financial condition of the Company.

[Table of Contents](#)

Item 1A. Risk Factors

The following discussion regarding volatility in the global economy is an additional risk factor added during fiscal 2009. There were no other material changes to our risk factors discussed in our Annual Report on Form 10-K for the fiscal year ended March 1, 2008.

Volatility in the global economy could adversely affect results. Financial markets in the United States, Europe and Asia have been experiencing extreme disruption in recent months, including, among other things, volatility in security prices, diminished liquidity and credit availability, rating downgrades of certain investments and declining valuations of others. Currently, these conditions have not had a significant impact on our financial condition or results of operations. However, there can be no assurance that there will not be further change, which could lead to challenges in our business and negatively impact our financial results. The current tightening of credit in financial markets could adversely affect our ability as well as the ability of our customers and suppliers to obtain financing. In addition, lack of financing for commercial construction projects could further result in a decrease in orders and spending for our products and services. We are unable to predict the likely duration and severity of the current disruption in financial markets and adverse economic conditions and the effects they may have on our business and financial condition.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

The following table provides information with respect to purchases made by the Company of its own stock during the third quarter of fiscal 2009:

<u>Period</u>	<u>Total Number of Shares Purchased (a)</u>	<u>Average Price Paid per Share</u>	<u>Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs (b)</u>	<u>Maximum Number of Shares that May Yet Be Purchased under the Plans or Programs</u>
August 31, 2008 through Sept. 27, 2008	3,048	\$ 21.10	—	920,877
Sept. 28, 2008 through Oct. 25, 2008	500,089	10.63	500,000	1,420,877
Oct. 26, 2008 through Nov. 29, 2008	175,000	8.19	175,000	1,245,877
Total	<u>678,137</u>	<u>9.78</u>	<u>675,000</u>	<u>1,245,877</u>

(a) The purchases in this column include shares repurchased as part of our publicly announced program and in addition include 3,137 shares that were surrendered to us by plan participants in order to satisfy stock-for-stock option exercises or withholding tax obligations related to stock-based compensation.

(b) In April 2003, the Board of Directors authorized the repurchase of 1,500,000 shares of Company stock. The Company announced the authorization of the repurchase program on April 10, 2003. In January 2008, the Board of Directors increased the authorization by 750,000 shares. The Company announced the increase in the authorization on January 24, 2008. In October 2008, the Board of Directors increased the authorization by 1,000,000 shares. The Company announced the increase in the authorization on October 8, 2008. The Company's repurchase program does not have an expiration date.

CERTIFICATION

I, Russell Huffer, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Apogee Enterprises, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

CERTIFICATION

I, James S. Porter, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Apogee Enterprises, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
